The Sheriff's Dept. is investigating an incident which occurred May 31st at the Crawford County Dog Pound. The facility was broken into and all the animals released. Many were beaten severely with what appeared to be a club.

The sheriff asks that anyone with information regarding the incident report to his office where the information will be kept strictly confidential. He emphasized that his department has every intention of apprehending the person or persons responsible for the brutal attack on the animals.

## 4 Youths Arrested In Bus Vandalism Incident

Arraignment in District Court has been set for next Tuesday for four youths charged with malicious destruction under \$100 in vandalism that sidelined buses and schools for one day this past winter.

The Court Magistrate has set a \$200 personal bond for Terry Burns, Daniel Niederer and Geoff Stancil, all 18 years of age, all of whom have been charged in the incident.

According to the Sheriff's Dept., another juvenile is being held on the same charge, but his name was not released because of his age.

## Wolcott Resigns As Viking Cage Coach

By Jeanne Lange CCA Staff Writer

Fred Wolcott early this week announced his resignation as Grayling High's varsity basketball coach, effective May 1st.

Wolcott has been the Viking's head coach since 1975, but, as he put it, "I've thought about it and decided that after four years I need a rest."

He will continue on coaching J.V. baseball and remains a member of the varsity football staff the next school year. He is also a health and science instructor at the high school.

No replacement at this time has been named, but Wolcott said that "whoever comes in as coach, I wish him the best of luck."

## Kirtland Will Offer A Course In Programming For Microcomputers

Until very recently, computers were so expensive that their use was confined to large governmental, commercial, and scientific operations. This is no longer true. A glance through the recent electronic catalogues and the new home computer magazines shows that the price of a microcomputer is quite low, as little as \$350 for a model available for home use.

The appearance of the inexpensive computers, in large quantities and at low cost, has made possible the use of computer technology in many new areas. It is now "practical" to start thinking seriously about the "whys" and "hows" of the computer in your business, your home, and your education.

## "Tony Doremire Honored"

## Emergency Medical Technician Students Graduate

**TONY DOREMIRE** (right) received a special award from E.M.T. Instructor & Coordinator, Wayne McKenna, who traveled from Lansing to participate in the ceremony. (Joe Schrader photo)

By Joe Schrader, CCA Staff Writer

At a special Graduation Ceremony held last Tuesday night, May 29th, eighteen certificates of completion were awarded to students participating in the recently-completed Emergency Medical Technician training course held here in Grayling.

Completion of the course qualifies the graduates to take the state licensing exam, scheduled for July 28th and tentatively set for local graduates here in Grayling.

Following a scrumptious buffet dinner to which this writer was cordially invited, prepared and served by the G.H.S. Food Management Class in the school cafeteria, E.M.T. Instructor & Coordinator, opened the proceedings by expressing appreciation to all participants for their diligence in the 35 week-long program.

Doremire, who arranged the entire training sequence, introduced Wayne McKenna, Dept. Director of E.M.S. Services-Dept. of Public Health, who made a special trip to Grayling from Lansing to participate in the awards program. McKenna reinforced Doremire's acknowledgement concerning the efforts displayed by local participants in the lengthy program and pointed out that 7000 potential E.M.T.'s may be licensed following passage of the state exam, 1500 of whom will be women who McKenna said "are becoming increasingly more active in our program." (That an overall total would include those already licensed.)

The July 28th test will involve practical as well as written components. See Medical on Page 6

## 2 Board Seats and Millage

# School Election Set For Monday

By Joe Schrader, CCA Staff Writer

Qualified voters will go to the polls next Monday, June 11th, to decide on a school millage proposal for next year and to elect two Crawford-AuSable School System Board Members.

The polls for the election will open in three precincts at 7:00 a.m. and close at 8:00 p.m. the key issue on this year's ballot will be an increase of 3.25 mills, hiking the millage to 18.90 for the next operating school year. Two Board seats will be filled as well. Incumbent Bernadine Dosch and Pauline Petrosky are both running unopposed for 4-year terms.

The proposal offered to the voters on the school millage will read as follows:

## Tax Rate Limitation Increase

### Proposition for Operating Purposes

"Shall the limitation on the amount of taxes which may be assessed against all property in Crawford AuSable School District, Crawford, Otsego and Kalkaska Counties, Michigan, be increased by 18.90 mills (\$18.90 on each \$1,000.00 on state equalized valuation for the year 1979, for the purpose of providing additional funds for the operating purposes (15.65 mills of the above increase being a renewal of 15.65 mills for operating purposes which expired with the 1978 tax levy and 3.25 mills being additional operating millage)?"

According to school officials, whether or not the system will continue to operate

at the current educational level hinges on the outcome of Monday's vote. A series of articles has been presented by the Avalanche over the past several weeks outlining the issues involved and the impact of a positive or negative vote on the millage question.

Since they are running unopposed, Bernadine Dosch and Pauline Petrosky are virtually assured of Board seats except for the possibility of a write-in winner.

The polls, as mentioned before, will open at 7:00 a.m. and close at 8:00 p.m. at the following voting places:

### Precinct No. 1

Voting Place-Gymnasium of the Grayling Middle School Building, in the City of Grayling, Michigan. The first precinct consists of all the territory of the former Grayling Public Schools.

### Precinct No. 2

Voting Place-Gymnasium Frederic Elementary School. The second precinct consists of the territory of the former Frederic Community School. (All of the territory except Lovells Township.)

### Precinct No. 3

Voting Place-The Lovells Township Hall. The third precinct consists of the rest of the territory of the former Frederic Community Schools. (Namely Lovells Township, only.)

All school electors who are registered with the city or township clerk of the city or township in which they reside are eligible to vote at this election.

# "Now What?"

By Dennis C. Rau, Crawford County D.S.S.

Editors Note: This is the seventh in a series of articles written on child abuse and neglect.

We have discussed in previous articles the methods of reporting possible child abuse and neglect and for identifying the children that have been neglected or abused. Now it is time to discuss what happens to these families after they have been reported to children's protective services.

When we complete the family assessment and have decided that neglectful or abusive situations do exist within this family unit it then becomes necessary for us to contact any resources available to the family to provide them with assistance to improve their situation.

Occasionally we discover that the real difficulty lies in the lack of knowledge of the parents. Perhaps the parent is not aware of what is to be expected of a four year old, for instance. As we all know, there is no test that is given prior to people becoming parents that assesses their ability and/or knowledge of child development. We will many times find that by providing this education to the families, it assists in eliminating many of the unrealistic expectations that they have of their child. We attempt to do this by offering educational material to these families by securing for them the different resources within the community.

One of these resources is the parent discussion groups that are conducted by Bill Morford, and open to all members of Crawford County. In this group Bill attempts to discuss with parents the needs of both children and parents and tries to help the parents come to some sort of understanding as to how to compromise their different needs. It should be noted that Bill Morford's classes are open to the public without charge, and it is See Now What on Page 16

The Mid-Mitten Chapters' 1979 extravaganza titled Let Us Entertain You will be held Friday, June 15 at the Roscommon High School Auditorium and Saturday, June 16 at the Houghton Lake High School Auditorium.

As part of the vaudeville theme, the show will feature the renown Harmony Hounds, a men's Barbershop Quartet from Battle Creek, Michigan. Forty-five women signed up for the golf and they have decided to play in threesomes to help speed up play. They spent some time going over golf rules and etiquette. It was decided to have steaks on the second Monday and a potluck on the fourth Monday throughout June, July, and August. The evening of June 18 they will play regular golf but there will be no meeting or supper because the club will be entertaining the National Guard that evening.

From Our  
Corner ...

Once again the annual school election for trustees and the question if the electorate will vote enough millage for the board of education to operate the school system for another year.

We were thinking about this the other day about how foolish it is to elect a board of education...and then turn down millage for them to even start working on the educational system in the district preparing for the next school year.

You might just as well say here is your title, you are a member of the school board, now just go home and wait until we decide to give you any money to operate on.

You can live in Grayling, Bay City, Manistee, Northport, Alpena, Bad Axe, or any city or town in this beautiful state, and the question arises like the monster of the deep each year...are you, the taxpayer, willing to pay for the education of this generation as those before you paid for yours...

This is a decision that no one can tell you how you should decide...it is a decision of sacrifice for many, more so on ones who are on a fixed income...

We believe Dr. William Diedrich, Superintendent of Schools, has done his level best to try and reach everyone possible to explain the plight of this year's vote for the millage.

If the vote is negative on June 11th...the board has only one decision to make...call for another millage vote, at a cost of nearly \$5,000. One may say this is just peanuts to what the schools are asking...so may it be...but peanuts add up to make bushels...

We have had our say...we have never voted no at a millage election, and do not intend to this year...all we ask of our readers and the voters to exercise that precious privilege that you have and cast your ballot, Monday, June 11th.

Some day I would like to come up with a word to describe some individuals that inhabit our society...a worm or snake, they have to be lower than those...they come out of the woodwork after normal humans have retired for the night only to pillage, ransack, and destroy.

This past week topped it off for us.

Someone or more, and it is hard to say they belong to the human race, unlocked the gates at the Crawford County Dog Control Center, and after the dogs were out, they used a board with spikes in it and beat the animals...nauseating...

Also last week, not as gruesome as the above, our worms saw fit to visit Glen's Market and sit all of the bags of dirt, potting soil, peat moss and such...evidently they had no use for it, the hole they crawled out of must have had enough...it is undoubtedly slime...

In reference to a letter to the Editor appearing on Page six we thank you for your concern and time to send it to us...my problem is we do not know how to write about Americanism...for the some 50 odd years we have evidently been blind to the fact that anyone living in this great country has to be reminded of what they have should be cherished so much...

The following is only our opinion...as far as displaying the flag...there are two days that Old Glory should wave in the breeze with reverence...the 4th of July, our independence, and Memorial Day, for those who have died since to preserve the same independence...the rest, and it should be every day, the stars and stripes should be flown over our land...Veteran's Day should be added to the two days...

To end our corner on a real pleasant note (to us anyway), and for our faithful readers...our weekend was spent in TC to help our number two granddaughter Stefy celebrate her 2nd birthday along with TJ and mom and dad.

We also found out on our return home Sunday through a phone call that our California family will become our Nevada family...Dane and Amber had left for Las Vegas at noon and Cyd was taking off Monday morning early in the VW van to escape the heat of the desert...

Have a nice weekend...summer is upon us...

Mr. and Mrs. John Ludeman visited friends in Toledo from Monday until Wednesday.

Mr. and Mrs. Raymond Elsey of Detroit visited her parents, Mr. and Mrs. Donald Wood, weekend before last.

Mrs. William Heric and her sister, Mrs. Carl Brownell of Flint, spent from Friday until Sunday visiting her mother, Mrs. William Anna Nielsen in New Era, and their sister, Mr. and Mrs. Walter Sherman, in Muskegon.

Mrs. Helen Roulter entertained some 15 friends at dinner Tuesday of last week at Camp Shoppenagon.

Mr. and Mrs. Robert Luter of Mt. Pleasant visited their parents the Robert Strongs and the Hollie Luters over the weekend. They returned here Wednesday to spend the summer.

Grayling Boy Scouts enjoyed last Friday and Saturday attending the Boy Scouts jamboree in Bay City. All of the boys made the trip but one and they returned having spent a most pleasant two days. While there they were complimented on having the cleanest and neatest camp of those present, and as all have new uniforms they received a mark for being the nicest-uniformed group.

Thirteen members of the Ladies Auxiliary of the Golf Club met for potluck luncheon Wednesday afternoon. Golf and bridge were played throughout the afternoon. Another luncheon will be given in two weeks.

The Senior class of Grayling had a very interesting and most enjoyable day last Friday. The class of 34 students and Mr. Poor, Class advisor, went to Traverse City. The State Hospital proved very interesting as did the high school. Park Place Hotel provided two rooms for the class. They had dinner there and enjoyed the dance floor. The shuffle board was something new to the class. The peninsular drive is very beautiful this time of the year. The theatre showing Kate Smith gave

special rates and many took advantage of this. Cars for the trip were furnished by Gail Welsh, Elna Mae Sorenson, Georgianna Olson, Veronica Lovely, Gerald Herrick, Mrs. Cornell and Mr. Poor.

B.E. Smith of Detroit, with a party of gentlemen spent the weekend at Lovells' fishing. Julian Smith was the guest of the Fred Welsh family during that time and while here called on, former school mates.

Mrs. Stanley Flower expects to leave Saturday for Chicago to visit at the home of her parents, and will take in the Century of Progress. She expects to be gone for a week.

Frank Wetsman and Hal Bursch are spending a few days here fishing.

The graduating class of 1910 is composed of the following: Earl Woodburn, Pres., Harry J. Connine, Secretary and Treasurer, Laura J. Munn, Ruth Barlow, Louise N. Peterson, Ethel M. Tromble and Wm. E. McCullough. Harry Connine is valedictorian and the class motto is "End There is None."

T.W. Hanson and H.A. Bauman are not twins, but are brothers-in-law born on the same day.

The Avalanche of April 20, 1882, said "A railroad running from Manistee to Alpena by the way of Grayling, would be a good investment for parties with capital, and would be almost an airline passing through some good farming country and heavy pine."

After 27 years our statement has been accepted as true, and the road is practically here. Mr. C.W. Amildon is building the bridge across the AuSable to admit the road into our village.

Mr. and Mrs. William Woodfield of this place and Thomas Woodfield and his two daughters, now residing at Jackson will start for their old home in England soon.

Thirty years ago last Saturday was a gala day in Grayling it being the dedication of the first court house in the county after its organization. There are comparatively few of the old inhabitants left to celebrate the event.

The Deal  
"That'll be \$150," said the psychiatrist to his new patient.  
"But all the other doctors have charged me \$100 an hour," replied the patient.  
"I know," said the doctor.  
"But this is part of a special treatment I've devised to help detach you from over-emphasizing the importance of money and material things."

"We're so happy you're married, we'll give you up to 50% off on your auto insurance."

"If you're 23 to 25 and married, we've got a wedding gift for you... our best preferred rate on your auto insurance."  
"We'll place you with Auto-Owners Insurance, which means you'll get a good rate plus one of the fastest, fairest claims services in the business."  
"Come in and see us for all your insurance needs. The three of us can be very happy together."

## The Bible Speaks

from Calvary Baptist Church

## Reader's Digest Bible

Reader's Digest has announced that they will condense the Bible as they have other books. One hundred years ago we had one common Bible in English based on the traditional or majority original language texts. Now we have 3 new Greek texts pieced together by 10 main scholars, over 100 years, resulting in over 100 new English translations and paraphrases to date. The average person in one lifetime could not read through all the Bibles available just to find the best one.

The 3 above Greek texts are the foundations for even so-called conservative new translations like the New American Standard and the New International Version. The above Greek texts of the New Testament have 2, 165 Greek words omitted from the Majority text. They have 335 substitutions of Greek Words, and they have over 215 additions of Greek words not found in the traditional Greek text.

Why are we stating all the above facts? Satan is certainly using the mass of new Bibles to camouflage the power and effectiveness of God's Word. The

## D.V.B.S. In Space

At Calvary Baptist

Hey Kids!! Be a cadet on the Celestial Space Ship Pilgrim I. Join our crew for Daily Vacation Bible School at Calvary Baptist Church from 9 a.m. to 11:45 a.m. on June 11-15.

If you are in the first grade through the sixth grade you can be a cadet. If you live in town or near town the shuttlecraft (BUS) will be around to transport you to the space ship and return you safely home at the end of each morning session.

We will take a trip through the Galaxy and meet friends and enemies of space travel. We will also meet people that have actually taken space trips as we find them in God's Word.

We will visit the space bubble, have quizzes, drills and on Monday we will blast off two rockets for our two teams to launch them in our space contest. See you there.

last great warning of the Bible reads: "For I testify unto every man that heareth the words of the prophecy of this book, if any man shall add unto these things, God shall add unto him the plagues that are written in this book: And if any man shall take away from the words of the book of this prophecy, God shall take away his part out of the book of life, and out of the holy city, and from the things which are written in this book." Revelation 22:18, 19.

Readers Digest plans to cut out about 40 percent of the Bible when they condense it. They will be using the Revised Standard Version which is based on perverted Greek texts. They proudly declare their work is acceptable to the National Council of Churches, as if that is final authority. The condensation will be led by the same man, Bruce Metzger, who led in the Revised Standard Version.

The Psalmist said of my God, "...thou hast magnified thy word above all thy name." Psalm 138:2. A man's name is no better than his word, what about the name of God?? Who is responsible for the Bible confusion of today? "For God is not the author of confusion..." 1 Cor 14:33. There is but one English translation based on the traditional Hebrew, Aramaic and Greek text and that is the King James Version of the Bible. The older Catholic Bible is translated from their centuries old Latin Vulgate translation. Modern protestant Bibles are based on revised Greek texts of the past century. (adv.)

course that is designed to teach the individuals to use the computer in solving many problems encountered daily at work or at college and no prior knowledge of computers or computer programming will be necessary to enroll in the course. The language used is BASIC. Since BASIC is easy to learn and can be used with almost any computer system, it serves as a good introduction to computer communication.

Not only does the course provide valuable information on computer applications, it also provides all recent high school graduates with the opportunity to gain computer experience, this summer, before attending college in the fall.

The course will be divided to accommodate two interest groups: 1. Business oriented, and 2. Science oriented. Individuals enrolled in the

course will have access to 12 computers housed at the college.

The course will be held from 1 p.m. to 3 p.m. Tuesday, Wednesday, and Thursday, from June 13 to August 10. This is a three semester-hour course with college credit.

The prerequisites are an understanding of procedures concerning small business and/or working knowledge of mathematics through algebra. The course will be limited to twenty-four (24) students.

Contact the Career Advisors Office, 275-5121, Ext. 236, for further information.

**Mushroom Care**  
Mushrooms are perishable, so plan on using them within three days of purchase. Mushrooms are best stored unwashed — and in the container and special wrap in which they are purchased. Rewrapped mushrooms have a tendency to become soft and dark — especially if washed first and tightly encased in plastic or other nonporous wrap which permits minimum air circulation.

## YOUR WEEK AHEAD By DAMIS

Forecast Period - June 9 to June 15

**ARIES** Mar. 21-Apr. 19 You will be in a strange mood this week — your age will be important. Don't let it distress you.  
**TAURUS** Apr. 20-May 20 An envious source will be giving you opinions, not to your liking. It is not your time to accept criticism.  
**GEMINI** May 21-June 20 Curb the urge to give advice — obtain true facts. Romantic mischief around you should be of no concern.  
**MOONCHILD** June 21-July 22 Most members of your sign will be in the mood to "get out of their skin." This cosmic cycle will find you being someone else.  
**LEO** July 23-Aug. 22 Most members of your sign (planetary influences) will do well in all departments of life. A great opportunity on the way.  
**VIRGO** Aug. 23-Sept. 22 Platonic associates and people who like to talk. Seems to dominate your chart. This week might be exciting!  
**LIBRA** Sept. 23-Oct. 22 For now, silence is golden! Avoid making a phone call that you know will be upsetting, and disrupt your daily routine.  
**SCORPIO** Oct. 23-Nov. 21 Older members of your sign will experience a definite change in attitude toward the opposite sex — for the better.  
**SAGITTARIUS** Nov. 22-Dec. 21 A member of the opposite sex is determined to deceive you. Beware of first impressions fooling you.  
**CAPRICORN** Dec. 22-Jan. 19 Take stock advice and re-read documents forwarded for your signature. Being misled by printed matter is indicated.  
**AQUARIUS** Jan. 20-Feb. 18 Depend on your loved one for guidance on this new venture. Diplomacy, for now, is not one of your strong points.  
**PISCES** Feb. 19-Mar. 20 With the same wind, one ship sails East — another West. It isn't the angle, but the set of the sail that determines our direction.

Personality Profile: For your Sun Sign Analysis, send the day, month, year and place of birth plus \$1.00 for postage and handling to Dr. Dennis Staff, P.O. Box 526, Penitens Park, Florida 33569.

## Editor's Mailbox

To The Editor,  
I'm writing in regards to your Column of the Avalanche dated 5/31/79 you say you have a rough time filling your column. Well you did a good job on Memorial Day Services & Parade.

Once again like in Past Years Downtown Grayling was conspicuous for its lack of Old Glory. If it wasn't for Grayling American Legion Post 106 I'm afraid Grayling wouldn't even know it was Memorial Day.

So why don't you write a little on Americanism.

Respectfully,

Al Giss,  
Stephan Bridge Rd.

## THANKS

The Grayling Youth Bowling Association would like to thank the following local Merchants: American Legion, A & P, Avalanche, Big Boy Restaurant, Black & White Foodland, Goodale Bakery, McDonalds, Milltown Party Store, Northern Pines Associates, Inc., Ole Dam Party Store, Little Caesar Pizza, Pizza Hut, Rochette's Party Store, Z's Party Store, for making their Bowling Banquet a tremendous success. Thank you again.

## Junior Deputy Ceremonies Held

The Fourth Grader Junior Deputies met in the Grayling Elementary School on Tuesday, May 22, and in the Frederic Elementary School on Wednesday, May 23, for their last class before graduating on May 30.

Pictured was Sheriff Curt Haas passing out a certificate to one of the class graduates while school officials and other participating deputies look on. Larry Akers has been the coordinator of the program assisted by Mr. Hayes, instructor at the Grayling Elementary School and Mr. Hatfield at the Frederic Elementary School.

Tours of the fire halls in Grayling and Frederic and of the Crawford County jail were made during the year. New classes added this year concerned animal control, the court system, and education in law enforcement. Main speakers came to both schools to teach the children the safety laws to be observed in our county and state.

The fourth grade students and teachers would like to thank the many people who shared their knowledge and time with us. Sheriff Haas, Judge Walsh, Mrs. Mathews, Mrs. Callewaert and Messrs. Brooks, Gohnick, Barber, Leng, Turner, Doremire, Bartelli, Salminen, Heemer, Lugviel, Goss, Clough, Ruddy, Paul and Barry Smith, Kent, Varner, Harder, Johnson, and Taylor of Grayling and Frederic and Mr. Gordon of Lansing. A very special thank you also to Mrs. Joyce Fox, of Cornell Insurance Agency, who obtained films and bulletins for us and to Larry Akers who located the speakers and arranged the many fine programs for us. Sister Mary Hilda, RSM, Administrator at Grayling's Mercy Hospital, although unable to attend Thursday's program, was presented a certificate of appreciation for the hospital's recognition of E.M.T.'s services.

Throughout the 35 weeks of intense instruction, a total of 105 hours of classroom instruction was conducted plus 12 hours of practical experience-type training. The group met once per week for 3 hours a night throughout the course of the program, all sessions of which were held at Grayling High School under the Community School Program. ## CHIMNEY SWEEPS

What's It Like To Have A Chimney Fire?

It's no fun. If it doesn't burn the house down, it will probably wreck your chimney and scare you half to death. Here's how it happens.

Begin with one dirty chimney—let's say a fireplace not cleaned for a couple of years. The soot lining the chimney flue is saturated with flammable stuff called creosote. (More detail on creosote is available in any dictionary.) It doesn't take much to ignite creosote—a newspaper fire sending flames up to the damper is enough.

Once kindled, creosote burns with joyous abandon. In a matter of seconds the fire spreads up through the flue creating a draft that only helps things along. At this point your average chimney fire begins to roar and howl, sending the occupants of the house running for cover.

If you run, you'll be treated to a real fireworks show. As the creosote fire builds and intensifies the heat melts the mortar between the brick. The red-hot mortar actually drips into the flue, only to be caught up in the tremendous updraft, and these little fire balls shoot out the chimney and onto the roof. If you're lucky, the chimney will fall apart destroying one end of the building—if you're not, this miniature volcano can bring the whole house down.

However, if you stand your ground, a chimney fire can be controlled. Put out the fire in the fireplace with an extinguisher or sand. Cover the opening with a wet blanket, call the fire department, and hope for the best. But it should be pointed out that having your chimney cleaned is a lot easier on the nerves than the sand and wet blanket method.

## Council Discusses Sewer Costs

By Jeanne Lange  
CCA Staff Writer

At the City Council Meeting, held May 29, one of the main topics of discussion was, who would pay for water and sewer lead replacement.

At the present time the Sewer Policy and City Ordinance reads: "Any repairs needed, in shut off box to main, for the sewer, should be done in the City at the City expense. If it is necessary to replace a line this should be done, by the city, at the city's expense. The sewer policy has been the same since 1973. The board did not come to any decision, on who would pay for the repairs, of the sewer."

Average cost for installation of a 3/4 inch water line is \$334.09. Morford explained that the price has doubled since 1973, when the ordinance was adopted. The city council adopted a resolution for repairs, on the water lead replacement. The resolution reads: "repair and or replacement will be done by the city at the city's expense, deemed necessary, by the City of Grayling."

The State Liquor Store requested a grant from the Council, for reconsideration, to move from their present location, to the industrial park. The State Store wants to buy two lots in the industrial park. The lots they want to buy are 100' x 300'. McEvers pointed out that the industrial park is to be used for industry, so it would help create jobs, in Grayling.

The council granted the use of the video tape recorder for a court recorders seminar to be held June 16. The recorder is to be used in conjunction with Kirtland Community College.

There will be a Public Hearing held June 11, to discuss the 1979-80 budget.

## Sweet Adelines Activities

Mid-Mitten Chapter held their weekly rehearsal Wednesday, May 30th, at the Roscommon High School. A busy evening was spent in rehearsing and our new president, Bev Decees, held her first business meeting.

Each year the Sweet Adeline Chapter presents \$100 Music Scholarships to a student in each of the three schools in our singing area. The only stipulation is it be a girl for vocal training since we are a womens singing organization. Each school's Choral Director are asked to make the decision on who shall be awarded these scholarships.

The selections have been made and we are happy to announce them to you. At Houghton Lake the Director chose to split the award and present \$50 to Lois Hager and Tammy Amy. In Roscommon the scholarship was presented to Laurie Cavanagh. In Grayling Ginger McEvers was selected. Ginger attends Grayling Christian School and takes her music classes at the Grayling Public School.

Our congratulations go to all four girls, and we sincerely hope you enjoy your music training sessions this summer.

## Bits O'Talk

by Fay Bovee

Dan Mills, formerly of Grayling, was a visitor in Grayling on Sunday stopping to see many of his old friends.

The Tom Robertson home has been busy with company. Dr. and Mrs. Eddie Robertson and Nathan and Charity arrived from Houston, Tex. the Wednesday before Memorial Day to spend their vacation and help with the greenhouse. Also arriving that day for a couple of days was Tom's sister, Mr. and Mrs. G.E. Drewyor of Nashville, Mi. Sylvia and children also spent some time with her parents, Dr. and Mrs. Aaron Rutledge in Richmond, Mich. For the holiday weekend, Sylvia Krausz and son, Richard, of Portland were here as well as Rev. and Mrs. Joe Robertson and Jenny and Jason of Chillicothe, Ohio. On Monday June 4, the Tom Robertsons and Eddie Robertsons attended Richard Krausz' graduation from Portland High School.

Visitors at the Wilma LaGrow home for the holiday were Mr. and Mrs. Steve LaGrow of DeKalb, Ill. Janet LaGrow of East Lansing, and Mr. and Mrs. Larry LaGrow of Alma. Wilma and Janet attended the graduation of Kim Wladron at Inland Lakes High School, the daughter of Jim and Cora Wladron of Indian River.

To honor their son, David's graduation from Grayling High School, Mr. and Mrs. Calvin Schreiber held a open house for friends and relatives at their home on the East Branch. Out of town guests were from Bay City, Mancelona and Gaylord.

**Twenty-Fifth For CC Playhouse**

The Cherry County Playhouse will open its 1979 season on June 26. The opening will mark the 25th anniversary of the star system summer theatre in Traverse City.

The season opener will be the world premiere of a comedy by George Tricker and Neil Rosen, appropriately titled, "Silver Anniversary". Running through July 1 the play is a satire on a society overly concerned with sexual performance and lampoons such contemporary institutions as the encounter group. "Silver Anniversary" is the first full length play Tricker and Rosen have written for the legitimate stage. For the past several years their comedy work has been seen on such television shows as "Welcome Back Kotter," "Love Boat" and most recently, "The Ropers." The star for "Silver Anniversary" is to be announced.

From July 3 through 15 the Playhouse will present Karen Valentine in the romantic comedy "Two For The Seesaw." Miss Valentine was co-starred on Room 222 and is currently featured on several television game shows. She plays a young girl from the Bronx who's romance with a mid-western lawyer results in a humorous conflict between social classes.

The third production of the 1979 season will star Ted Knight of the "Mary Tyler Moore Show" in "The Impossible Years." This Bob Fisher and Arthur Marx comedy tells the story of a family dealing with the perplexities of adolescence.

It runs from July 17 through 22. Playhouse producer Pat Paulsen will star in the fourth production from July 24 through August 5. Paulsen will play a variety of roles in Neil Simon's comedy "California Suite."

Comedian Dick Shawn will be the fifth celebrity star at the Playhouse. Mr. Shawn will bring his one man show "The Second Greatest Entertainer In The Whole Wide World" to Traverse City from August 7 through 19. The evening of comedy in two acts has Shawn playing a spectrum of characters from a has been comic to a Las Vegas performer. His topics range from contemporary satire to a spoof of Othello.

Closing the 25th anniversary season will be Broderick Crawford starring in "Born Yesterday." The Academy Award winning celebrity who became popular with television audiences in "Highway Patrol" will recreate his role of Harry Brock in this comedy about politics and Big Business.

"Born Yesterday", by Garson Kanin, runs from August 21 through 26.

Performances at the Cherry County Playhouse are Tuesday through Friday at 8:30 p.m., Saturday at 6:00 and 9:45 p.m., Sunday at 7:30 p.m. with a Thursday matinee at 2:00 p.m.

In addition to the usual season tickets offered for evening performances, the Playhouse is making the series available to matinee audiences through season subscriptions for the first time this year. Season ticket information is available by calling the Playhouse at (616) 947-9560.

**Receives Battered Boot Award**

Shelley Martin, daughter of Mr. and Mrs. Dick Hutchinson, of Grayling, received the Order of the Battered Boot Award, from the March of Dimes.

She received the award for outstanding Walkathon Performance. Shelley collected the most money, in 1978, for the March of Dimes in Roscommon, where she lived at the time. On Oct. 1, she walked 15 miles and collected a total of \$106.50 for the March of Dimes.

**Sportsmen's Club Meet**

The Grayling Sportsmen's Club hosted the Michigan United Conservation Clubs District 14 meeting on May 27th. In attendance were affiliated clubs from Oscoda, Tawas City, Hubbard Lake and Rose City.

Several topics of interest to area conservationists were discussed during the course of the meeting. A proposed offshore Sand Mining operation in Lake Huron near Tawas City brought criticism from club members in the area. Questions were raised as to the effects of fish from the operation of equipment itself and siltation caused by the dredging operation. Also discussed were problems caused by the faulty operation of the Hubbard Lake dam and possible implications this may have on fishing in the river.

A topic of concern for Grayling club members was an update on the proposed dam removal on the AuSable in Grayling. The project has been opposed by the Grayling Sportsmen's Club and many area residents. At this time there appears to be no push to get the project moving but club members said they would keep an eye on it. The flooding south of M-72 West is likely to receive its designation as a Wildlife Sanctuary this year according to D.N.R. personnel.

The meeting ended with a discussion on the M.U.C.C. convention to be held this year in Alpena. Resolutions of interest to the District were highlighted. Including one that would ask the State to require all persons born after 1946 to retake a hunter's safety course and test every three years much on the order of the drivers license.

The M.U.C.C. Convention will run from June 21-23 at the Alpena Civic Center and any interested conservationists are welcome to attend.

Middle Age Lament  
 Middle age is when your past is past!

**County Organization Needs Help**

Grayling—The Crawford County Big Brothers and Big Sisters organization is looking for a hard working person who loves kids and being involved in their community.

There are no financial rewards for this position but the emotional and satisfaction means much more. The Big Brothers and Big Sisters (BBBS) program needs someone with time to devote to being a director for this satisfying job. BBBS is a philosophy and plan that tries to ensure that every child grows up with a good set of parents. Many times through death, illness or divorce a child grows up without the guiding hand of a father or the help of a mother.

Volunteers from the community give their time to spend at least four hours a week with their little brother or little sister. The main emphasis in the program is on involving the little brother or sister in the activity going on in the Big Brother's family outings to the show, carnival, bowling, or anything that is going on. Many Big Brothers also spend quiet time alone with their little brother to develop a time of communication and simple talking over of issues and ideas; of things that are important to the little brother.

Little brothers and sisters are children in the community who desperately need this sort of companionship, if they are to develop into mature and responsible adults. They are not juveniled delinquents or involved in the courts. Big brothers, by putting in their time and energy, usually guarantee that their young companions never get into the court system.

The BBBS program here is looking for a director to help in this process. The responsibility of the director is to do the matching between the children and the adults. The director interviews kids and their parents as well as the adults. Then the director

decides who goes best with who and works out the matches. The director would also, with the help of the BBBS board, work at explaining the program to the community and seeking funding for it.

There is no salary for this position but the expenses and mileage are paid. Any single person with some extra time available will be considered. A retired couple would be ideal that are in the community on a year-round basis.

The Big Brother and Big Sister Board in this community consists of Fred Engdahl—Chairman, Rod Denley—Vice Chairman, Bob Bovee—Treasurer, Debbie Smith—Secretary, as well as Mary Harland, Sandi Milliken, Jeannie Sloan, George Pamerleau, Dave Jansen, Bill Ellingboe, Greg Straley, Carol Kolka, and many other hard working citizens.

Anyone wishing to know more about this program can contact any of the above persons or the Youth Services Bureau office at 348-7702.

A short campaign:  
Weicker calls it quits

RICHARD MILLIMAN

Chalk up another victim of political polling.

Sen. Lowell Weicker of Connecticut called a halt to his presidential campaign, a scant two months after he entered the Republican lists, vowing to campaign in every state primary. He was done in by his own political poll.

According to news reports, the whole process was rather swift. Sen. Weicker was acting candidate until the results in his own political poll in his own state were analyzed. He sat down with his pollster, went over the results, and then reality set in. Weicker quit.

The poll showed in a Republican race, Weicker would run third—behind two Republicans who aren't even official candidates yet. Gerald Ford pulled 23.6 percent support, Ronald Reagan had 20.6 percent, and Weicker only 13.9 percent.

"This was my home state and here I was in third place."

"Those are the numbers. You can't duck against them."

Another factor turned up in Weicker's poll was that his job performance rating in the Senate was slipping among the home staters.

"I've always had a job rating of over 50 percent," Weicker said. "The poll shows it down to about 48 percent. I'm not satisfied. My political activity is eroding my home base support."

Weicker is to be congratulated for the ability to recognize reality when it slaps him in the face. To all but Lowell Weicker, his presidential hopes were going nowhere in the first place—unless some form of political lightning should strike.

Too often, potential presidents view their chances only through rescored lenses; too often, otherwise fine public servants end up as a Don Quixote tilting at the impossible windmill of the White House. A sad case in point is Harold Stassen. Obviously Lowell Weicker is no Stassen.

It also is not unusual for homestate voters to prefer one of their own for governor or senator, but they often turn their collective backs on a favorite son as a president. Sen. Weicker should not be disappointed that his Connecticut support did not automatically transfer from senator to president. They're different jobs, with different needs, and voter perceptions vary.

Perhaps the Weicker poll says something else, too. Sen. Weicker is generally recognized as the most liberal of the Republican presidential hopefuls, and he ends up running behind Mr. Ford and Mr. Reagan, both of whom are generally seen as conservative. Perhaps the Republican party is not attuned to liberal candidates—at least in Connecticut.

Lowell Weicker is only the first of what will be an increasing army—an army of dropouts from the presidential campaigning. For Lowell Weicker, reality came early; for many, many others, it will take more time. But it will arrive for them, too, in due time.

The 7th Annual Senior Citizens Dinner Dance was held Saturday evening at the St. Mary's Hall. The roast beef dinner followed the cocktail hour, and nearly 200 people stayed to listen to the music of the Polka Kings.

The highlight of the evening, of course, was the announcement of the favorite senior citizen. These votes are tallied from votes throughout the month of May, and the winner is not announced until the evening of the dinner-dance.

This year's favorite Senior Citizen is Angela Kirkum, seated above, being crowned by Loretta Barnes, last year's winner.

There was a tie for second place between Ingaborg Leslie and June Feldhauser. They were both nominated because of the volunteer work they do in the community. The three lovely ladies will represent Grayling in the summer activities.

Hall decorations were provided by Genevieve Hill and the craft department and carried out the theme of "Three coins in a Fountain" to perfection. We wish to thank all who worked so hard on this evening to make it such a success.

## Science and Hobby Show Held

The Grayling Elementary School held their Science and Hobby Show on Thursday, May 17, 1979. Grades K-5 were encouraged to participate and children in grades 2 to 5 won awards.

This was the first year that awards were presented. Twenty-four awards were made for distinguished science or hobby displays. In the Hobby section of the show, awards were given in the categories of Uniqueness, Elaborateness, and Showiness, as well as an overall award for the best hobby. In the Science section, awards were presented in four categories, Precision, Einstein, Patent and Green Thumb. In addition, a Mastermind science award was presented for the best science project.

One final award was presented to one student for the best project of the entire show, called the Paramount Project Trophy. Fifth grader, Laura Grudzien, received the award for her project on pollution and conservation of the AuSable River.

In an interview, Mr. Nunn stated that the Science and Hobby Show gives students a chance to use their minds in creative ways in areas that interested them. There was a fine turnout for the show and we expect a better show next year.

## District Court

The following persons appeared before Judge Francis L. Walsh in 83rd District Court last week:

Henry H. Dixon, III, Flint, pled guilty to three charges, the first driving while his license was suspended, the second, open liquor in a motor vehicle, and the third, speeding 75 in a 55 mile zone. He was fined respectively on the charges, \$105 or 10 days in jail; \$45 or 5 days, and \$27 or three days.

The bride-elect is a 1977 graduate of Roscommon High School and a 1979 graduate of Lake Superior State College. She is employed as an Executive Secretary with the law firm of Rensberry and Foster in Gaylord. The prospective groom attended the Sault Area High School and is employed at Midway in Gaylord.

## Attend the Church of Your Choice

**Album**  
Our wedding day! We all have cherished memories. In fact, the one thing no one can take away from you is your memories. Which is true... but also just a little sad.  
Sad, because memories are another word for the past. Fine in its place. But we need to live today, and to look toward tomorrow.  
So, don't linger over the snapshot album too long, don't bog yourself down in what was. Get in the mainstream, here and now! A great place for a launching is in the Church.

## Bear Lake Christian Summer Church

The opening of the Christian Summer Church or the 1979 season was Sunday, May 27th, at the Bear Lake Township Community Center on M-72. There were 136 in attendance, which was the largest congregation in eight years since its inception.

Special music was provided by the fine voices of Art Headlee and Tom Waudstra. Everyone enjoyed the new hymnals and were given the opportunity to contribute to the purchase of them as memorials to loved ones, as book plates will be placed in the hymnals identifying the contributor and to whom they are dedicated.

The pastor, Glenn Frye, gave a sermonette for the children, following with a fine message on the great need for faith in the power of God in our lives.

At the close of the service, Jim Carmean and Donna Bindschald were united in Holy Matrimony, with Mr. and Mrs. Ross Donnelly as their attendants. Family and friends were present and all the congregation were blessed by the happy event as a climax to our first service.

The usual social hour in the recreation room followed, with refreshments by the ladies of the Christian Summer Church. Isabelle Brockelbank, Sec'y of the Board.

## Bits O'Talk

by Fay Boyce

A check with City Manager Jerry Morford about the maple trees to beautify the city. They were only able to get 25 trees this year and most of them were planted along the new curbs on Lake Street with a few replacements of those that had died from last year. Some day someone will enjoy the shade of those trees.

Some more improvements to the business district. A new kitchen store and gift shop has opened next to the Avalanche, the Cook's Cottage, run by Judy Gibbons and Nene's Nook, an antique store run by Jeanine Fijolek. And across the street between Weaver's Gift Shop and Grayling Restaurant the Gibbons are going to have a little outdoor area. The boys have been busy putting down the brick patio and a new coat of paint on the sides of both buildings—it's quite an improvement!

It's a boy, Daniel Marcel Bonamie 11 for Dan and Patty Bonamie of Cleveland, Ohio. He was born on Monday, May 21, 1979, at Fairview General Hospital, Cleveland, and weighed in at 8 lbs. 5 ozs. And the young man has plenty of grandparents! Grandparents are Charles and Shirley Bonamie of Gainesville, Fla., and Bill and Jean Weaver of Grayling. Mrs. Eleanor Holtcamp is a great grandmother. Mrs. Florence Weaver is a great grandmother. Mr. and Mrs. Charles Bonamie of Grayling are great-grandparents. Mr. and Mrs. Ben Potts of Grayling are maternal great, great grandmother. Mr. and Mrs. Elsa Holm of Roseville is a paternal great, great grandmother.

Mr. and Mrs. Don Jansen, Mr. and Mrs. Charles Jansen of Roscommon, and their sister, Mrs. Lillie List, of Saginaw visited their cousins, Mr. and Mrs. Arthur Voke in Tillsonburg, Ontario, over the Memorial Day weekend. Mr. and Mrs. Don Jansen and Mr. and Mrs. Dave Jansen attended an Open House last Sunday in Saginaw for Don's niece, Sharon Peters, at the home of her parents, Mr. and Mrs. Richard Peters. Sharon will graduate from Arthur Hill High School on June 7.

Mr. and Mrs. Charles M. Warren, (formerly Kathy Bourque) of Loving, New Mexico, are the proud parents of a baby girl, Amanda Renee, born May 24, 1979, weighing 6 lbs. 6 1/2 ozs. and 20 1/2" long. Mr. and Mrs. Andre Bourque, formerly of Grayling, are the proud maternal grandparents.

## Millage Increases...Comments from a Senior Citizen

Even though I never feel too much like singing the National Anthem on the day I pay my taxes, the fact remains that our tax system is the way in which we support our government and also support and maintain the education of our children and young people.

As a taxpayer and a senior citizen, I join many other citizens in asking a number of questions when a millage is proposed. First, I would like to know whether the increase is really necessary and second, what will the money be used for? The only way to find answers to these and many other questions; is to ask the people who are directly and intimately involved with our educational system. I will continue to inquire to get all the facts, but I do know already that the proposed 3.25 millage is a matter of survival for the Crawford-AuSable School system.

Among many other reasons, I want to remember that we raised four children and there was a time in our lives when we paid very little in taxes. The fact is that there were other people in those days that helped to educate my children. Even though I could not contribute as much as I wanted to in those days, I still felt that my children could take advantage of the best educational system that was available to us at the time. When they graduated they had to compete with young people from other areas in the Country for higher education or in the job market. The same is true for all young people that attend our school today. The fact is that someone else helped to educate our children and now the time has come to do our part for someone else's children.

The way we support our school system and our youth, very strongly reflects the kind of people we are. The asking of the Administrative body of our schools is valid, reasonable and realistic. I want to be one who will vote "yes" for the increased millage on June 11th.

Rev. William H. Fraser

## CARD OF THANKS

Words can not express the wonderful feelings that I have for the care I received while in Mercy Hospital. My sincerest thanks to Dr. Blaha, Dr. Henig, Dr. Rost, and the two internists from Traverse City, who looked after me during my sickness.

One can not praise enough the Nurses and Nurses Aides for their thoughtfulness and wonderful care.

I also wish to thank all the Clergy for their calls and prayers. My family members were very attentive and helpful during my stay. The many cards and beautiful flowers and plants were really helpful.  
God Bless All of You,

Resolution from the Northeast Michigan Manpower Consortium, gone over.

MOTION by Bonkowski, second by Kitchen, to support this Resolution on the Northeast Michigan Manpower Consortium. All Ayes. Carried.

## RESOLUTION

WHEREAS Northeast Michigan Manpower Consortium when organized was organized pursuant to its own documents of organization was stated to be created pursuant to Act 8 of the Extra Session of the 1967 Legislature. Whereas, in reality it has functioned since the time of its creation as an organization created pursuant to Act 7 of the Extra Session of the 1967 Legislature.

The difference being that the organization created pursuant to Act 8 is not a separate entity from any of the Legislative bodies that created it and therefore, there must be a "Lead" county or Legislative body which assumed responsibilities for financial services, personnel, legal responsibilities, etc. An organization created pursuant to Act 7 is a separate entity which performs those functions previously described, subject to the direction of its own board, which is chosen by legislative bodies of the legal entity of the counties that created it.

It is hereby resolved that our reference to Act 8 will hence be changed to Act 7 in the documents that created Northeast Michigan Manpower Consortium, and it is further the intent that Northeast Michigan Manpower Consortium will be guided from that date of its creation as an organization pursuant to Act 7, 1967 Extra Session of the 1967 Michigan State Legislature.

Resolution gone over regarding a Solid Waste Management Plan.  
MOTION by Bonkowski, second by Halstead, to adopt this Resolution on Solid Waste Management. All Ayes. Carried.

## RESOLUTION

### Re: Solid Waste Management Plan

WHEREAS, The Crawford County Board of Commissioners recognizes the enactment of Act No. 641 of the Public Acts of 1978, known as the Solid Waste Management Plan; and

WHEREAS, Said Act No. 641 is a mandated program enacted by the State of Michigan for each county, regional agency, or the Department of Natural Resources to provide for each county, and said Act 641 states, in part: "Public Act 641 is to protect the public health and the environment; to provide for the regulation and management of solid wastes; to prescribe the powers and duties of certain State and local agencies and officials; to prescribe penalties; to make an appropriation (underlying is ours); and to repeal certain acts and parts of acts"; and

WHEREAS, Since 1965, the State of Michigan has embarked on a program to abolish scattered small capacity "dumps" and has brought pressure on counties to establish conforming central solid waste disposal facilities; and

WHEREAS, Counties north of Town Line 18 have submitted plans for such facilities in compliance with State law and have cooperated with the State to establish these sites; and

WHEREAS, The proposed new rules and regulations under Act No. 641, governing the establishment and operation of landfills in porous soils, would result in escalation of costs beyond the financial means of most northern counties; and

WHEREAS, The County of Crawford is of the opinion that present regulations, prior to the enactment of Act No. 641, requiring the monitoring of wells as well as the horizontal and vertical isolation requirements, provide sufficient protection of underground water supplies when incorporated with a ban on toxic chemicals being accepted into the disposal facility; and

WHEREAS, the proposed new State requirements of impervious lining and impervious cover for landfills in porous soils are economically unattainable and unrealistic and would place an oppressive financial burden on the people of Crawford County; and

WHEREAS, If such State mandated rules and regulations result in increased costs to our County, such costs should be borne by the State under the terms of the Headlee Amendment; and

NOW, THEREFORE, BE IT RESOLVED, That the Crawford County Board of Commissioners recommends that the proposed new requirements under Act No. 641 for impervious liners and covers be dropped from the regulations for solid waste disposal facilities as being unnecessary for the adequate protection of underground water tables; and

BE IT FURTHER RESOLVED, That if such above-mentioned requirements are mandated by the State, the State of Michigan should provide the funds for implementation of said requirements under the terms of the Headlee Amendment; and

BE IT FURTHER RESOLVED, That the Crawford County Board of Commissioners shall be willing to comply with any State mandated law, and particularly with Act No. 641 of the Public Acts of 1978, when appropriations are also included with the enforcement of that law; and

BE IT FINALLY RESOLVED, That copies of this Resolution be sent to the following: The Hon. William G. Milliken, Governor of the State of Michigan; Dr. Howard A. ## Road Commission Minutes

May 18, 1979

A regular meeting of the Crawford County Road Commission held in their office in Grayling, Chairman Richter presiding. Present were Chairman Ervin Richter, Commissioners Grover Cason and Gloria Kraus, Secretary Lorna Bernard and County Foreman Norman Feldhauser. Absent, Manager Charles Fox and Engineer Ron Henke. Robin Hill and Bonnie Biesel attended the meeting as observers for a school class.

The minutes of the previous meeting were read. Gloria Kraus made a motion to accept the minutes with corrections, seconded by Grover Cason, all voted in favor, minutes approved.

Chairman Richter reported to the Board regarding a County Road Association Officers meeting that was held in Lansing May 17, 1979.

Jan Cornell, Community Development Director for NEMCA and Harold Mertes, Frederic Township Supervisor, appeared before the Board regarding the roads within Frederic and the funds available through grants. The Commission wishes to discuss the issue with Manager Fox regarding matching funds as their schedule for 1979 is full.

Norm Feldhauser reported to the Board the damage that is being done by the National Guard to some of our roads. The Board instructed Mr. Feldhauser to have Manager Fox call the National Guard and have them make the necessary repairs to the roads.

Frank Nichols from North Down River Road appeared before the Board with a complaint about the working up of the shoulders on that road. The Board informed Mr. Nichols that they would inspect the road at lunch time and if there was a problem, it would be corrected.

The Board broke for lunch and inspected the North Down River Road on their way to Kalkaska for a meeting with the Kalkaska County Road Commission regarding the position of Weighmaster for the counties.

The Board returned to the Commission office at 3:00 P.M. and resumed their meeting. They

**WARN AGAINST EXPLOSIVES**—On Tuesday afternoon, May 29, the Grayling Elementary School had speakers from the 75th Ord. Det EOD of Selfridge AFB who came to the school with a warning on explosive devices and shells that the children might find in the woods. They were told to leave them alone and to report the location of any that they might find to the local authorities. They were told of the danger of them even though they may be years old since they become more fragile and less stable as they deteriorate. Shown inspecting some of the devices are Jeff Wolcott and Jayson Welser while Spc. Michael Sutton looks on. Sgt. Phillip Louthand and Sutton were the speakers from the EOD. (Fay Bovee photo).

recommended that anyone who is a parent attend these classes, to share their knowledge and experiences to help other families with some of the difficulties that they might be having. It is quite normal for parents to feel that their situation is unique and this makes it all the more difficult for them. However, many times if the parents talk among themselves about their difficulties, they will realize that the difficulties that they are having with their children are common throughout the community. Mr. Morford can be contacted by calling 348-4681.

Another way that we attempt to provide education for parents is through the parent aide services that we offer. The Department of Social Services has contracted an individual to do parent aide assistance to families. We utilize the parent aide services for helping parents become adjusted to the community, develop their own resources within the community, assist in transportation, and also to relay information about child rearing practices and homemaking techniques.

In addition to these services, if we find that it is necessary to refer families to more intense counseling we have utilized the local Community Mental Health Agency and have found that they have been very cooperative in assisting our clients in any therapy that the family might need.

An area that we attempt to utilize also, that is more directed towards children, is the local Youth Services Bureau. At Youth Services they attempt to provide recreation and work projects for youth. Many times we find that the children of the families that we are attempting to help through protective services can use this type of outlet.

If there is difficulty in the area of family health, we attempt to channel them into the local Public Health Organization or help them to find a doctor that can help with their specific needs.

We have also felt that at time it was necessary to provide a complete psychological report on different members of the family. We have utilized the local psychologists to provide these reports and to assist the family in whatever areas become obvious to the psychologist.

There are many other ways that we attempt to provide assistance to these families. The most important thing to note is that when we have assessed that the family needs assistance then our function is to offer them the community resources that are available to them and to assist them in receiving those resources.

If you have further questions about any of these resources, please do not hesitate to contact me

in whatever way is comfortable to you.

Next week will be the final article in this series and we will include in that article the local statistics of the incidents of child abuse and neglect in Crawford County and an overview of where we are headed in Crawford County in the area of child abuse and neglect.
